

# January Furniture Show

The GRAVINA sofa collection is relaxed in its style and comfort. The generous use of upholstery foam is complemented by a top pad of quality fibre, on the seat and back cushions. This combination gives the sofa its sumptuous comfort, and relaxed design. The softness of the seat and back, means that some creasing of the fabric or leather may occur. This does not compromise the quality of the product, but is part of the character of the GRAVINA.

## Model 5328 GRAVINA

**Carcass:** spruce, chipboard and multilayer panels.
